

VEHICLE SECURITY

CARS

- Keep your car keys somewhere out of sight in your home where they aren't visible from windows or doors. When you go to bed, take keys into your bedroom to make them less accessible to intruders.
- Use an anti-theft device on your car. Get one that is Sold Secure approved (www.soldsecure.com). You can search for suppliers on www.securedbydesign.com and your insurance company may also be able to advise you on approved security devices.

BIKES

- When parking away from home make sure your bike or motorbike is locked to a heavy duty piece of street furniture and where possible with the lock or chain off the floor.
- At home, lock bicycles and motorcycles in a secure garage or shed if you have one, using a good quality U-lock or chain and padlock to a ground anchor.
- Fit an alarm to your motorcycle.
- Mark your bicycle frame with your postcode in two separate locations if possible, one of which should be hidden.
- **Register your bike for free with www.immobilise.com. This will help police to find it if it gets stolen.** The Immobilise website also has some useful tips about bike security.
- Take a photo of your bike and keep it with the insurance details. Make a note of the make, model and serial number.

THEFT FROM CARS

When you park up

- Try to park somewhere open and well-lit.
- Lock up – including the boot.
- Remember to close the windows and sunroof.
- Don't leave **anything** on show in your car when you park – not even a coat or empty carrier bag.
- If you have a removable sat nav, remove it and take it with you if possible when you park up, even if only for a short time. Remove the mounting, polish any marks off the windscreen and hide the cable and mounting.
- Try not to store things in the boot.
- When you leave the car, take sat navs with you.

Remember...

- Store car ownership information at home, not in your car.
- Number plates are often stolen for criminal use. Use plates secured with anti-theft screws, available from car accessory stores.

Overnight

- Try not to store things in the boot.
- When you leave the car, take sat navs with you.

A 'Park Mark' shows that a car park meets recognised security levels. More information can be found at www.parkmark.co.uk or via the British Parking Association on www.britishparking.co.uk or 01444 447 300.
